STUDEBAKER'S New Custom Sedans

Mechanically up-to-the-minute _artistically ahead-of-the-times economically the cars of the hour

T is great to be a proper and All retain your youth
— to sponsor new flyle at no sacrifice of traditional
flandards—to set the pace in appearance and maintain

This is what Studebaker has done in these new Custom Sedans which are sweeping the country Some body put their description in a phrase, "Studebaker play —the final achievement of performance play the play the final actnevement newest mode in motordom

Engineering antibotics have long acknowledged Studebaker's mechanical supremace in its field. And now with added refinements the mighty Studebaker L-head motor is widening its margin of leadership.

Studebaker's Victory Over Vibration

Studebaker's early adoption of the L-head engine fore cast the present-day trend. Now 70% of American manufacturers use this efficient, quiet type of engine And, more significantly, the largest builders of other types have come to this prin-

ple for all the new cars introciple for all the new cars intro-duced in recent years. To insure a smooth, vi-bratoniless flow of power, Studebaker spends over \$600,000 annually building balance into its big crank-shafts—fully machining and dynamically balancing each and every circ.

Only seven other American cars have a power fating greater than the Big Six and these all cost from \$2,500 more. The Seandard Six is the most powerful car of its size and weight, according to the ratings of the Society of Automotive Engineers.

Studebaker's Advanced Engineering Practice

For the past two years, Strale baker has been balancing wheels and casings to meare smoothest riding. Moreover, the semi-dlipric springs fos-tered by Studebaker are now

seed by \$2.% of American accounts consider the deals car manufacturers. Stude-baker cars have a long springhame, and spring leaves of the finest chrome vanadrum steel. Replacements of springs on Studebaker cars are less than 1% per year of cars in acrosc

There are many other betterments in Studebaker de sign—an oil filter and air pumfer effectually scal the engine agrunst foreign matter. A waterproof ignition system mannes faithful operation in rain-during Even the spark plugs wear rubber caps. And a force feed lubrication system gives perfect lubrication under all conditions.

Over \$100 Worth of Extra Equipment At No Extra Cost

To its in built qualities of performance, Studebaker has added the charm of custom treatment and the luxury of custom equipment Low-swing, full-vision steel bodies in lustrous and durable duotine facquets, interiors nebij finished and appointed, with broadcuth or Chase mohair upholdery, broadlace trim and Butler finish hardware, and extra equipment worth more than \$100

Studebaker's Transcontinental Triumph

Recently the Studebaker Big Six Sheriff—accertified stock car—dashed from New York to San Francisco in 86 hours and an imputes, through the worst storm in 60 years.

It cut 16 hours and 15 minutes of the best previous automobile record and beat the best time of the crack Limiteds by over 6 hours!

It added another victory to the long list already held by Studebaker

Until then we will continue to give one of these beautiful sets of fireplace tools with every Moore's Seventcen

The beautiful Moore's Seventeen with its furniture design and full porcelain enamel finish will add to the attractiveness of your home. And this set of fireplace tools, placed alongside gives it that touch of individuality so much desired.

Why put up with the discomforts of an old-fashioned heating stove another winter? Why shiver around an old stove, when for so little, you can have regular furnace comfort?

The Famous Moore's Seventeen

Moore's Seventeen heats your home by circulating moist, warm air just like a warm air furnace. It's not neces-sary to crowd around a Moore's Seventeen to keep warm, for the warm air is girculated everywhere,

Moore's Seventeen will surely bring furnace comfort to your home because it is made in two sizes—and one of these sizes will fill your particular regairenents.

Unlike ordinary beaters, Moore's Seventeen is all cast iron construction on (re inside, built on furnage principles to insure long life. The joints are all packed with pure asbestos wicking

to prevent leakage of air and gases, and the ashpit door and slide are sur-face ground air tight so that a fire

Before You Start Fall Housecleaning

HOUSECLEANING time with its attendant discomforts is again looming on the horizon. What will it mean for you this

Will it be a burden-laborious, inconvenient and at best ineffective —or a task done speedily, easily, and thoroughly? It's for you to decide. Own The New and Greater Hoover—and your housecleaning worries will be over forever. It will banish this laborious semi-annual period. And your home will be thoroughly clean the year round.

You cannot know what cleanliness The Greater Hoover will bring to your home until you have actually compared its results with older cleaning methods. By actual test, it removes in ordinary cleaning time 131% more dirt than the previous Hoover.

Surely you want this wonderful new cleanliness in your home this winter. Come in and let us show you how The Greater Hoover, with its sensational new cleaning principle, "Positive Agitation," removes the deepest-embedded grit-

Rigid as a Steel Building

More Beautiful in New Lines, and Color Scheme With Improved Chassis and Performance

With steel body bolted and riveted the New Essex Coach is as rigid as a steel building. It is the best looking, best value, best Essex ever built.

Its reception has been instantaneous, overwhelming all past Essex triumphs in interest and enthusiasm Sales sweeping the country to new high records acclaim this popularity more strongly every day.

Come see the New Essex "6" Coach in its new beauty, new color and new finish. Try the easy comfort of this rigid new body that rides like a limited train. We will gladly arrange that demonstration-and a 30 Minute Ride Will Win You!

-the new Clothes for Fall

Society Brand

And we're putting it mildly when we say

they're the finest we've ever shown. They're here in the correct styles for Fall-smart

as only Society Brand can make them.

They're here in new fabrics—unusual

weaves originated by and exclusive with

Society Brand. In rich autumn colors,

too. But there's no use trying to describe

them here. You'll have to see for yourself!

You're certain to enjoy choosing from all

these good things-and you're certain
